

## **Visiting people in self-isolation Guideline**

- **If possible, maintain social distancing (remain more than 1 meter away)**
- **Support Workers will need to wear appropriate PPE if 1 metre contact is required**
- **Advise the client that PPE will be worn during the visit**
- **If a person is asymptomatic, the support worker must wear surgical mask and gloves**
- **If the client has symptoms, suspected or confirmed COVID-19, the support worker should adhere to standard contact and droplet precautions (i.e surgical mask, gowns, gloves and eye protection)**
- **Perform hand hygiene**
- **Reinforce cough, sneeze and hand hygiene with the client**
- **Check the client has contacted Healthline 0800 358 5453**
